

# SKEGNESS ACADEMY

## Catch-Up Premium 2016/2017

Number of eligible students	98
Catch-up Premium Funding	£24,000

- Funding is used to substantially fund a fulltime Literacy Mentor and a fulltime Numeracy Mentor
- Students are identified as requiring intervention if they have a Age Related Expectation (ARE) below 100 when they enter the Academy in year 7.
- Intervention is planned depending on the needs of the individual students and delivered by either 1:1 support (in and out of the classroom) or small group work.
- Learning mentors will work closely with the English and Mathematics teachers to ensure that the intervention delivered supports what is being learned within the classroom.
- Learning mentors will also work on improving student confidence in English and Mathematics as well as across all subjects and learning.

### Proposed Spend

Improvement in Numeracy and Literacy		
Improvement Initiative	Cost	Description
Learning Mentors	£23,586	Learning mentor delivers 1:1 or small group interventions for pupils who have been identified as needing intervention or additional support
Diagnostic testing	£414	For those that join with low literacy and numeracy we test to ensure that there is no SEN barrier to progress and then retest to ensure that interventions are having an impact.
Total planned spend	£24,000
