

Dear Parents and Carers,

INFORMATION FOR YEAR 11 PARENTS

I hope this finds you well and you are staying safe and healthy during this unprecedented time.

I am writing to you today, to inform you that we have been advised by Public Health England of a confirmed case of COVID-19 within the Academy.

Using our robust contact tracing processes, we have identified that your child may have been in close contact with the affected person and, in keeping with the latest national guidance and Public Health England advice, must now stay home and self-isolate, as a precautionary measure until after the October half term.

**We are closed to all Year 11 pupils from Wednesday 14<sup>th</sup> October 2020.**

To ensure as minimal disruption to learning as possible, from Thursday, 15 October your child's lessons will be streamed live over Teams. Please ensure to let us know if you do not have access to a laptop/tablet or the internet and we will support we where can. A separate link will be sent to you. Additionally, if you are in receipt of free school meals, we will be in touch over the next couple of days to ensure we can get vouchers to you. It is paramount that your child signs in to every lesson during the period of isolation. The lessons will be focussed towards the mock exams which are due to take place the week we return from the half term break so this time is invaluable for revision and knowledge consolidation.

During this period, other members of your household can continue their daily activities as planned, provided your child does not develop symptoms within the 14-day self-isolation period. Siblings who are symptom free should also continue to attend school as normal.

If your child is well at the end of the 14-day period of self-isolation, they can return to their usual activities, including attending school. Other members of your household can continue normal activities, provided your child does not develop symptoms within the 14-day self-isolation period.

More information for contacts of people with confirmed coronavirus infection and who do not live with the person can be found at the following link: <https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>.

If your child, a household member or a member of your support bubble develops any of the following symptoms, they should remain at home for at least 10 days from the date when their symptoms appeared. All other household members who remain well, must stay at home and not leave the house for 14 days from the date when the first person in the house became ill. This includes anyone in you 'Support Bubble'.

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough and/or
- a high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119. People who do not have symptoms should not request a test unless this has been specifically requested by Public Health England or the local authority

Additional information regarding Public Health England's 'Stay at Home' Guidance can also be found at: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>.

If your child, or anyone in your household, does develop symptoms, you can seek advice from NHS 111 at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/> or by phoning 111.

As a community, we can also help reduce the risk of spreading COVID-19 by:

- washing your hands with soap and water often – do this for at least 20 seconds
- using hand sanitiser gel if soap and water are not available
- washing your hands as soon as you get home
- covering your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- putting used tissues in the bin immediately and wash your hands afterwards

I would like to take this opportunity to thank you for your patience and understanding. I am sure you will appreciate that we have to follow certain safety and precautionary measures to keep all pupils safe during this time.

If you have any questions, please do not hesitate to contact the Academy on [closure@skegnessacademy.org](mailto:closure@skegnessacademy.org) or use the following link to access further information: <https://www.nhs.uk/conditions/coronavirus-covid-19/>.

Yours sincerely,

Mr Todd Johnson

**Principal**
