

## Parent Questionnaire 2019

Dear Parent/carers,

I wanted to write to you to thank all of you who took the time to fill the most recent 'Parent questionnaire'; your opinions and feedback are extremely important to us. In total, we had 167 respondents, which is 21% response rate.

There are a huge number of positives to be taken from the report and this highlights a number of strengths that you feel the school has. The academy must, however, listen to areas that you feel could be improved and act upon these to strengthen the progress the academy makes. It's important that we listen carefully and when appropriate, take action. Any good school needs to be constantly looking at itself and reviewing its procedures and your opinions form a fundamental part of that process.

**Comments:**

- My child is happy at this school so no issues for any change
- Compared to other schools I think that Skegness academy have the right balance for the pupils at his school
- More permanent staff a lot of cover teachers at present
- I think the school has improved vastly in the last few years. I just think the school needs more support from the government
- In our experience we have had no issues & excellent support for our child
- My son is perfectly happy and I have had no issues or have identified any areas for improvement
- Better revision resources for students coming into the school from different areas who have studied different materials to other schools
- Following through with policies, e.g. uniform and everyone wearing the same and skirt not short
- Too much cover/supply teachers. Lack of homework to extend learning
- Classroom behaviour and low-level disruption needs to improve
