

## Year 10 trip to Boston College – 21 June 2019

Year 10 students from the Skegness Academy recently attended the 'Next Steps' event held at Boston College. The day allowed students to experience a subject of their choice for the day. This gave students the opportunity to look at the facilities on offer and understand the expectations of a post Year 11 course.

Students thoroughly enjoyed the activities prepared for them and fully engaged with the staff to ensure optimum benefit.

Student participation in this event has exposed them to some of the opportunities available and helped towards raising aspirations for the future.
