Non-Examined Assessments, Starting Terms 1 and 2, Years 10 and 11

Dear Parent/Carer

We are writing to inform you of non-examined assessments starting for students undertaking art and design, creative imedia, dance, digital information technology, hospitality and catering, music, performing arts and textiles, prior to Christmas. These assessments are a fundamental part of the course(s) students have opted for and will count towards their qualifying grade.

It is essential that for the duration of each assessment, a student's attendance, punctuality, behaviour and effort are of the highest standard. This will maximise the quality of evidence students are able to produce and subsequently submit. Each assessment will differ depending on the subject; however, all students will be asked to produce evidence, independently based on a task provided by the examination board, submitting this by the deadline provided. The evidence will be marked by their teacher following the deadline, and students will be provided with their raw mark before this is submitted to the examination board. All marks are moderated by the examination board before a final grade can be determined.

Further guidance of the timing of each assessment has been provided on the following page. As previously mentioned, all the assessments listed will count towards a student's final qualifying grade for the qualification(s) they have opted for. If a student's conduct falls below the expected standard, then their final grade for the qualification could be affected.

We thank you in advance for your support with this process and should you require any further information, please do not hesitate to contact me on 01754 879122 or by email at vthompson@skegnessacademy.org

Yours sincerely

Miss V Thompson
Assistant Principal, Arts and Culture
