

Health and Social Care Technical Level 3

How fair has Britain been during the Covid crisis?

Over the last 18 months many of us have been impacted by the coronavirus mentally, physically, and emotionally. The world has given everyone a different perspective on the COVID-19 pandemic has led to a dramatic loss of human life worldwide and presents an unprecedented challenge to public health, Despite this gloomy outlook, we also believe that the COVID-19 crisis can bring about some changes that have the potential to reduce inequality in the long term.

Taking the above into consideration you are to write a report researching and identifying the impacts Coronavirus has had on Britain specifically focusing on inequality and Health and safety.

Points you may wish to include.

- Equality of the vaccine
- Impacts in Health and Social Care environments (emotional, social impacts)
- The governments Lockdown procedures on mental health
