

Photography Learning Journey

Move onto Post-16
Study Options

Y11

Component 2:
Examination

Component 1:
Project work

AO3 – Record Your Journey

Collect evidence of your ideas and progress through sketches, photos, notes and observations. Show how your work develops over time.

Component 2 is released in January and you will be asked to complete a project based on a theme. This is marked by the exam board

AO4 – Create a Final Outcome

Produce a personal final piece that connects to your ideas and research, showing your skills and understanding of visual elements.

AO2 – Experiment and Refine

Try out different materials, techniques and processes. Improve and develop your ideas by testing what works best.

Advertising, Consumerism
and the Digital World

Component 1:
Project work

IDENTITY

Project 1- Skills
Building

Component 1:
Project work

AO1 – Research and Develop Ideas

Explore artists, designers and sources to inspire your work. Show that you understand how these influences help develop your own ideas.

Your teacher will lead your group in exploring new skills in photography, ready for your first component based on the theme 'Identity'
